SUMMARY

Highly skilled Full Stack Developer with MongoDB, React.js, and Node.js expertise. Targeting a challenging role as a Full Stack Developer, Backend Developer, or Frontend Developer in a dynamic organization. Open to opportunities in the IT industry.

PROJECTS

Social Media Web application

Key Result Areas:

- Implemented key features like user profiles, posts, comments, and notifications, enhancing user engagement and interface responsiveness.
- Optimized application performance and user experience by integrating Redux for global state management across React components.
- Engineered RESTful API services with Express and Node.js, ensuring secure and scalable backend operations.
- Utilized MongoDBfor data storage, implementing efficient schema designs for rapid data retrieval and high-volume data handling.

AI Image Generation App

Key Result Areas:

- Engineered a DALL·E clone leveraging the MERN stack, facilitating AI-driven image generation through user inputs, enhancing creative user interactions.
- Integrated OpenAI API for real-time image generation, implementing efficient caching strategies in MongoDB to optimize response times and resource utilization.
- Designed a user-friendly interface with React, ensuring seamless navigation and intuitive operation for generating and saving custom AI artwork.
- Implemented robust error handling and validation mechanisms to ensure user inputs were effectively processed, leading to a reliable and user-friendly experience.

WORK EXPERIENCE

Full Stack Developer Intern

Clariwell Global Services LLP   📅 10/2022 - 03/2023   📍 Pune, MH, India

Key Result Areas:

- Collaborated with a team of developers to design and develop an Online Alumni Management System using React, Node.js, and MongoDB.
- Implemented CRUD functionality, real-time notifications, and search functionality to enhance user experience.
- Ensured the system's functionality and performance.
- Workedcloselywith clients to gather requirements and provide technical solutions to meet their needs.
- Participated in daily stand-up meetings and sprint planning sessions to ensure project milestones were met.
- Liaised with users for requirement gathering prepared functional specifications and low-level design document.

TRAINING / COURSES

Full Stack Development MERN stack (Guvi) October 2022

EDUCATION

SSC

Parimal Mahavidyalaya, Latur

📍 Latur, Maharashtra, India

HSC

Shri Tripura Jr. Science College, Latur

📍 Latur, Maharashtra, India

Bachelor of Engineering

Sinhgad Institute Of Technology, Lonavala

📍 Pune, Maharashtra, India

CORE COMPETENCIES

Coding and Development

Full Stack Development

Quality assurancw

Performance Optimization

Software Development Lifecycle

TECHNICAL SKILLS

MongoDB   Javascript   React.js

Node.js   Express.js   HTML

LANGUAGES

English, Hindi, Marathi
